

# WHAT IS LINK CREW?

Link Crew is a club that has recently started on our campus. We are working towards helping the freshman feel involved and welcomed, while also giving them tips on how to succeed!

## Meet Some Of Our Leaders:

Kyler Abend  
Link Crew Treasurer  
Grade 11

I was enrolled in the Link Crew program at my old school in California, and enjoyed how friendly the people were and loved the participation in the school events throughout the year. I joined here because I figured it would be a good way to make new friends in a new school and state setting, and it was successful. Since I am really good

Jaycie Spencer: Link Crew Secretary

- Junior
- I decided to join link crew because I enjoy meeting new people. I know from experience that freshman year is sometimes difficult to navigate, so I wanted to be the person that I wish I had! I am excited to build relationships and help the class of 2025 toward feeling comfortable and accepted as high schoolers.
- "Only you can control your future." – Dr. Seuss

Ashlee Naldu  
Position: Link Crew Leader  
Grade: 11

I wanted to be a link Crew leader for the experience. I love meeting new people and helping them whenever they need it. I am very dedicated, and I enjoy having a positive impact on others.

Balance is not something you *find*, it's something you *create*.

Hello! My name is Hailey Mace! I am the Link Crew Historian. I heard about Link Crew last year. Many people were active in Link Crew last year even with COVID. I liked the ideas behind Link Crew. I am excited to get it going again this year!

I wanted to become a Link Crew leader for one simple reason: to help people!

Meeting new people and making friends is my number one priority for being involved in this club. Being a mentor to incoming Freshman is more than just showing them around the school. To me, it's making sure that they are able to feel comfortable, safe, and have fun in this new environment.

## What does Link Crew Do?

Recently, we visited each freshmen 2.5 class and did an activity with them. This activity showed the importance of being able to make decisions quickly, even if that means you're sometimes going to be wrong. Learning from mistakes is part of the learning process, which in turn, helps us grow. We will continue to do little lessons and activities throughout the year that will hopefully have a big impact. We appreciate you, freshmen!
